| Russia .....                       | 3.3                             | 0            | 0         | 0          | 0        | 0.0               | 258         | -100.0            | 0                  | 0      | 0.0               |
| Colombia .....                     | 2.9                             | 287          | 222       | 65         | 213      | 34.9              | 154         | 86.8              | 210                | 237    | -11.3             |
| Iraq .....                         | 2.5                             | 122          | 216       | -94        | 362      | -66.3             | 229         | -46.6             | 173                | 273    | -36.6             |
| Ecuador .....                      | 2.4                             | 157          | 67        | 89         | 142      | 10.0              | 0           | 0.0               | 120                | 138    | -12.9             |
| Nigeria .....                      | 1.8                             | 192          | 96        | 95         | 171      | 11.8              | 142         | 35.3              | 156                | 149    | 4.7               |
| Brazil .....                       | 1.7                             | 224          | 71        | 154        | 108      | 107.1             | 0           | 0.0               | 191                | 157    | 21.8              |
| Libya .....                        | 1.5                             | 45           | 43        | 3          | 86       | -47.6             | 42          | 6.8               | 22                 | 52     | -57.5             |

– = Data Not Available.

<sup>1</sup> Preliminary data collected weekly. See the Petroleum Supply Monthly for updated data or the Petroleum Supply Annual for final data.

<sup>2</sup> Countries reported represent the top 10 countries based on annual import volumes from the PSM data as published on 8/31/2022 from the prior year full year. Some data estimated.

<sup>3</sup> Calculated from annualized import data of each country as a percentage of the total imports from the last full calendar year of the Petroleum Supply Annual as published on

8/31/2022.

Notes: Data may not add to total due to independent rounding. Differences and percent changes are calculated using unrounded numbers.

Data source: See page 29.
